## OBJECTIVE

---

Full-stack Web Developer with almost 3 years of experience in Vue.js and TypeScript, along with backend development knowledge in Django. Looking for a full-time role to enhance my skills and contribute to innovative projects.

## EDUCATION

---

<b>BSc (Hons) in Business Information Systems</b>	Jun 2021 - Jun 2024
Westminster International University in Tashkent	Uzbekistan

<b>Certificate of International Foundation Studies</b>	Sep 2020 - May 2021
Westminster International University in Tashkent	Uzbekistan

## TECHNICAL SKILLS

---

<b>Languages</b>	JavaScript, TypeScript, Python
<b>Technologies/Frameworks</b>	VueJS, NextJS, Pinia, Linux, Django, PostgreSQL, CI/CD, Docker

## EXPERIENCE

---

<b>Role Name</b>	Aug 2022 - Present
InterRail Central Asia	San Francisco, CA

- Developed a new project using Vue3, replacing the old Django template system, leading to major improvements in application performance and responsiveness.
- Created client-facing projects allowing clients to operate independently, significantly enhancing the operations team's efficiency by reducing their workload.
- Linked the client-facing projects with the operations team's platform to ensure real-time synchronization of important documents and data.

<b>Backend Developer Intern</b>	Feb 2022 - Aug 2022
InterRail Central Asia	Tashkent, UZ

- Developed unit tests using pytest for a Django project, improving code reliability and quality.
- Optimized the process for handling orders, significantly reducing processing time.

## PROJECTS

---

**InterRail** Created the front-end for a high-performance E2E logistics railway automation system with Vue.js, TypeScript, and Vuex. Integrated WebSocket to enable real-time updates and notifications.

**Shakha** Developing a personal portfolio website, [shakha.uz](https://shakha.uz), to showcase projects, professional experience, and personal background. The site features a downloadable CV and is currently in development, with full functionality expected in the near future.
